Pam,
This is the request for training for the Parchman Prison Fire Dept. They are now facing a potential flood hazard and all other trainers are deployed on Tornado response.

MS State Univ. will pay all my expenses through their NIMS Training grant program and I will pay for all gasoline for my County car.
I will take personal leave for Thurs. & Friday, May 5 & 6, so there shouldn't be any expense to the County for those days.

Rupert Lacy advised me to be ready for a request to assist the Desoto / Tunica County area sometime this week. I will be in the area, should the request be made, and will have all my supplies with me to respond.

Mike Andrews / C.S.M.
Harrison County/Distr. 5
Safety/Environmental Officer

Mike, please assist with this valuable training if possible. Ben C. These individuals will be directly responsible for flooding response in that region. Ben C.

In regards to our previous conversation like to schedule ICS 300 on May 5, 2011 at Training Center, Parchman, Mississippi.

Thanks Chief Gipson
